VISION CARE COMPANIES

START YOUR OPTOMETRY CAREER ON THE RIGHT PATH

New Grad Boot Camp provides recent graduates with a better understanding of the optometric profession in British Columbia. The one-day seminar provides practical tools, information, and advice to ensure new ODs get the most out of their profession for years to come.

This is an excellent opportunity to meet other new graduates and colleagues as you start out in your profession. In addition to the course material covered in the morning and afternoon sessions, an OD panel discussion during lunch will provide new graduates with an opportunity to hear from a variety of ODs and ask questions.

This seminar is designed for those who have graduated during the last three years (2015–2017). Registration priority will be given to New Grads.
